**NOTICE - Support Persons for Individuals (September 24, 2020)**

State and federal law prohibits discrimination against individuals based on disability. In addition, the Secretary of Health and the Secretary of the Department of Disabilities require all licensed Maryland hospitals, related institutions, freestanding medical facilities, freestanding ambulatory care facilities, chronic disease centers, hospice care facilities, comprehensive rehabilitation facilities, nursing homes, and assisted living programs (collectively health care providers) to adopt policies allowing support persons for individuals with disabilities to stay with those persons during visits to health care providers (the Access Notice).

If you believe that one of the listed health care providers is violating the Access Notice, you may file a complaint with the Maryland Department of Health's Office of Health Care Quality by following the process described here:
